- **Will the farm ever get sold out and stop letting people in?** It is possible that we may need to limit the ticket sales depending upon how crowded it gets on the farm. This is why we encourage you to come early in the month and/or to come during the week. It is highly likely this situation would only occur during one of the last weekends. However, because we limit on-line ticket sales, your on-line ticket will always be honored on the specific date it is purchased for. Always check on-line ticket sales for availability.
- **If I buy a ticket online, what happens if I cannot attend that day?** Tickets are good for a specific day and are non-refundable except if the farm has to close for some reason (e.g. weather) before you validate your ticket that day. If you cannot attend on your ticketed day for an emergency, please email the farm at info@pumpkinmaze.com and we will address your refund request after the farm closes in November. There will be no refunds processed during the month of October.
